With inspiring programming, unrivalled virtuosity, energy and individuality, the Australian Chamber Orchestra’s performances are renowned across the globe.

In the Orchestra’s 42-year history we have toured regularly to the United States, with strong reviews for performances at venues such as Carnegie Hall, the Lincoln Center, the Walt Disney Concert Hall and Tanglewood Festival.

In the years ahead, we plan to deepen our engagement with the US and New York in particular, with regular appearances at prestigious venues and, importantly, with scholarships for music students providing access to and engagement with the ACO’s renowned musicians.

We invite you to connect with us, our music and our ideas by joining our inner circle and becoming a Friend of ACO US with a fully tax-deductible donation at one of the following levels:
